Invitation letter

Welcome to 3rd PICC Day!

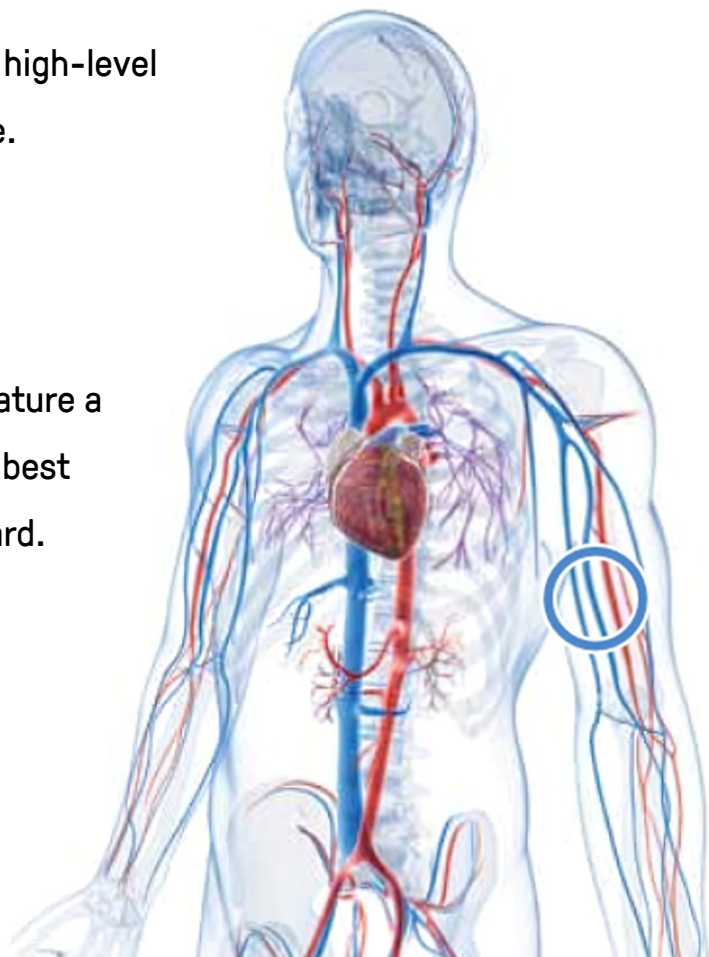

We are pleased to announce the **III. PICC Day Slovenia**, which will take place on **October 15th, 2026**, in **Ljubljana, Slovenia**.

This scientific meeting will bring together clinicians, researchers, nurses, pharmacists, academics, and national as well as international experts to exchange knowledge, present current evidence, and discuss advances in the field of vascular access for chronic intravenous therapies.

We warmly invite you to join us for a high-level scientific and networking experience.

[III. PICC Day online registration](#)

This year, the III.PICC Day will also feature a dedicated **Poster Section**, where the best will be recognized with a special award.

Conference programme

9.10 -10.30 PICC and Central Venous Access

Selection of Central Venous Access in Adult Patients - *M.Pittiruti, Policlinico Gemelli*

PICC Insertion Protocol in Adult Patients - *M.G.Annetta, Policlinico Gemelli*

PICC-Port Insertion Protocol - *S.Bertoglio, Plan1Health*

10.30-11.00 Coffe break

11.00 -13.00 Contemporary Approaches to PICC Catheter Management

PICC Placement in Specific Patient Populations – *P.Poredoš, UKC Ljubljana*

PICC Tunneling And Atypical Use of PICCs – *A.Hari, UKC Ljubljana*

Venous Access and Power Injection for Contrast Medium Infusion - *S.Bertoglio, Plan1Health*

Selection of Central Venous Access in Pediatric Patients - *M.Pittiruti, Policlinico Gemelli*

13.00-14.00 Lunch

14.00-15.00 PICC-Related Complications: Prevention and Treatment

Lumen occlusion: prevention and treatment - *M.G.Annetta, Policlinico Gemelli*

PICC-related infection: prevention and treatment - *M.Pittiruti, Policlinico Gemelli*

PICC-related venous thrombosis: prevention and treatment - *S.Bertoglio, Plan1Health*

15.00-15.50 Abstract presentation

15.50 Concluding remarks

Call for Abstract

The Scientific Committee invites you to submit Abstracts for Poster Presentations!

Selected abstracts from a peer review committee will be included for a short oral presentation into the scientific program. Similarly, the 2 best presented papers will obtain, for one of the included Authors, **a free voucher to attend in presence the 2028 WoCoVA Congress (venue TBD).**

We welcome original research, case studies, and clinical experiences on all topics related to vascular accesses:

- peripheral inserted peripheral and central catheters,
- peripherally inserted PICC catheters,
- totally implantable vascular access devices,
- clinical experiences , techniques of insertion, and nursing procedures of the devices.

Abstract submission guidelines

ABSTRACT SUBMISSION DEADLINE

September 15th , 2026 (23:59 CET)

GUIDELINES AND FORMAT

Abstract structure must include:

- Objectives
- Methods
- Results
- Conclusions

Language: English

Length: Content maximum 300 words, Title maximum 20 words

Authors: Full names of all authors

Format: PDF document

E-MAIL SUBMISSION AND INFO

Abstracts must be submitted by e-mail to edu@medimpeks.si .

Abstracts that do not comply with the submission guidelines will not be reviewed or accepted.

Important info

Conference details:

Four Points by Sheraton MONS Ljubljana (Slovenia)

Thursday, 15th October 2026

Free of charge

Official language: Slovenian and English

Limited seats.
