

International Center for Studies and Training "Germana Gaslini"

Provider Nazionale Accreditato ECM n. 856

Certificazione ISO9001:2008

CISEF Director: Antonio Infante

AIMS

This International Course on Neonatal and Pediatric Anesthesia will be a great opportunity to meet opinion leaders, be updated on evidence based medicine, share experience, learn from clinical cases.

Round tables, workshops and skill stations will be organized to improve personal abilities and meet experts face-to-face. High fidelity simulation will reproduce real scenarios.

Medical doctors specialists in Anesthetics and Pediatrics are invited to participate this course.

PROGRAMME

Friday, May 24, 2013

13.00 Registration
13.45 Introduction
P. Tuo, G. Montobbio, N. Zadra

Session 1: Neonatal Anesthesia
Chairman: **A. Moscatelli, G. Bell**

14.00 Round Table
Sub-umbilical surgery in neonates.
Pro and Con Debate.

Spinal Anesthesia **G. Bell**
Vs
General anesthesia **N. Disma**

Open discussion

14.40 Neonatal Vascular Access
M. Pittiruti

15.10 Anaesthesia for Thoracoscopic repair of Oesophageal atresia and tracheoesophageal fistula:
The Anaesthetist **G. Montobbio**
Vs
The Surgeon **G. Mattioli**

15.50 *Coffee break*

16.00 - 19.00
Workshops – Hands on (two groups in shifts)
Awake Regional Anaesthesia
N. Disma, G. Bell, S. De Benedetto

US Vascular access
M. Pittiruti, L. Mameli, C. Zanaboni

Saturday 25 May 2013

Session 2: Fluid Management in Children

Chairman: **I. Salvo, K. Becke**

8.30 Cristalloids: gold standard for neonates and children
K. Becke

9.00 Colloids and Human Albumin in children
J. De Graaff

9.30 Blood saving strategies in children, practical management
A. Wolfler

10.00 The use of antifibrinolytics in severe bleeding children
S. Goobie

10.30 *Coffee Break*

Session 3: Airway and Ventilation

Chairman: Habre W – Zadra N

11.00 Prevention and management of airway complications
W. Habre

11.30 Single Lung Ventilation. Thoracoscopic and open thoracic surgery
N. Zadra

12.00 Ventilation strategies in neonates
W. Habre

12.30 Anesthesia for Tracheal and airway surgery
P. Bolton

13.00 High frequency jet ventilation during airway surgery
G. Mausser

13.30 – 14.30 *Lunch*

14.30 – 17.30
Workshops – Hands on (two groups in shifts)
Difficult Airway **F. Puncuh, P. Bolton, S. Kotzeva**
One lung ventilation **G. Montobbio, N. Zadra, L. Mameli**

17.30 – 19.00 Session 4: Simulation

Simulation Workshop (two groups in shifts)
two scenarios and case discussion

Conductor: **M. Tumolo, E. Lampugnani, F. Izzo**

19.00 Closing Remark
Evaluation test for CME Italian credits and quality assessment questionnaire
Release of certificates of attendance.
